Solved 60 plus codechef problems

SkillRack

Solved 500 plus SkillRack problems

PROJECTS

BMI Calculator

A BMI calculator webpage crafted with HTML, CSS, and JavaScript. Users input their height and weight, instantly getting their BMI and corresponding category. Its responsive design ensures seamless use across devices, showcasing proficiency in front-end development and practical implementation of health-related algorithms.

Portfolio Webpage

A sleek portfolio website showcasing projects and skills, built with HTML, CSS, and JavaScript. Visitors can navigate through projects, view skills, and contact details. Its responsive design ensures accessibility across various devices, highlighting proficiency in web development and design elements.
